

HILLTOP FARM

Rt 3, Box 216
LY 2 4216

Cloveland, Texas

Hilltop Farm is located 11 miles from Cleveland on Farm to Market Road 1725. From Highway 59 out of Houston turn left on State 105 at Cleveland, cross E. San Jacinto River bridge, turn right on FM 1725 and proceed 10 miles from railroad track. Hilltop Farm is located on left side of road. From Highway 75 out of Houston turn right at State 105 in Conroe, proceed to FM 1725 just prior to entering Cleveland; turn left on FM and proceed 10 miles from railroad track.

Hilltop Farm is located in the beautiful Sam Houston National Forest, one of the four Forest areas set aside in Texas. Comprising more than 158,000 acres in the Ranger District there are more than 58,000 acres set aside in the Same Houston National Forest. This is a wonderland of beautiful pines, stately magnolias, hardy oaks, redbud, dogwood, maples, etc. More than 800 varieties and species of trees grow in this area. A breathtaking sight in the spring and a glorious riot of color in the fall. Deer, wild game and birds by the thousands abound in this Nature's paradise. Spring comes early in these parts so when you visit Hilltop Farm bring your walking shoes, binoculars, lunch and lots of time. You will want to visit other areas in the Forest and feast your eyes. A visit to Hilltop is not just a visit to an Herb Farm, but rather a day of relaxation to be spent communing with God's world. A rather rare treat wouldn't you say?

Herbs - Ornamental, Medicinal, Culinary
Perennials
Scented Geraniums

 Village Hill Oak - pleasantly pungent- free bloomer
 Prostrate Oak- very pungent and very attractive. Used espaliered form and totam

Note: Almost all of the geraniums shown adapt themselves to outdoor conditions and do splendidly. Normally they will take to 26°, however at Hilltop our geraniums in outdoor beds are growing well and have had a high maximum of 102 ° and low of 14°. Heavy mulching both winter and summer has been the secret.

Dried herbs and herb products are available at the farm and special list will be mailed on request.

SHIPPING: Please add \$ 2.00 for packaging and postage on plant orders under \$8.00
 Plants will be removed from pots prior to shipping. Shipments within the State of Texas will be shipped via Bus where practical.

NOTE TO GARDEN CLUB PROGRAM CHAIRMAN:

Set a date in your year book. Garden Club Field Trips are scheduled from April 21st thru June, and again during late October and November weather permitting.
 Mrs. J.P. Hill is available for lectures and programs during the Fall and Winter months if reservations are made early. Visitors are always welcome, however if your group is large a scheduled date will insure proper attention to your group.
